key: Am

4/4

#BPM 170

Verse 1

Take the streets to night
all for one say with pride
No room for them to di vide
We'll dance strong in the moonlight

Verse 2

Voices rising with the sound,
Feet like thunder on the ground.
No retreat, we won't be swayed,
This is how the fire's made.

Chorus 1

Rebels of the night we won't fade
Light the dark no masquerade
Living free no barricades
We'll be loud and unafraid

Verse 3

Raise your voice, don't hesitate,
Now it's time to agitate.
Stand as one, refuse to wait,
Let's ignite and change our fate.

Chorus 2

Rebels of the night we won't fade
Light the dark no masquerade
Living free no barricades
We'll be loud and unafraid

We'll build the world we want to see
From every voice and melody

No turning back, no playing safe

We're the ones who shape our fate
